Vet Student Loans (Approved Company)

Global Training Institute is an approved provider for VET Student Loans (VSL).

VET Student Loans is a Loan Scheme operated by the Australian Government. As an approved provider, Global Training Institute has to adhere to many associated regulations, and you may find many references to VET Student Loans throughout this Handbook. Where the initials VSL are used, it will refer to VET Student Loans.

VET Student Loans is a loan from the Australian Government that helps eligible participants to delay their payments for eligible Diploma and Advanced Diploma qualifications. This allows students to STUDY NOW and PAY LATER.

For students who access a VET Student Loan, Global Training Institute receives money towards their course directly from the Government, and the student then repays their loan through the Australian taxation system once their personal income reaches a threshold determined by the Government.

You are eligible for a VET Student Loan if you:

- are an Australian citizen or hold a permanent humanitarian visa
- are enrolled in an eligible Diploma or Advanced Diploma on, or before the census date
- have not exceeded your HELP debt limit
- have an Australian Tax File Number (TFN) or Certificate of Application for a TFN.

More information about Vet Student Loans visit <http://www.studyassist.gov.au>

Our VET Student Loans policies are available on the website in the footer and briefly outlined at the end of this handbook.

Studying with Global Training Institute...

Pre-Enrolment – before you apply to enrol

Before you apply to enrol into a qualification course with us here at Global Training Institute, we want you to be making an informed decision that the course you are choosing will benefit you and your future. Most of our students call and have a chat with us about their goals and what they are looking to achieve by studying with us. We are then able to recommend a course that will suit.

Before you enrol, ensure that you are comfortable and understand about **the course** you are applying to enrol in and that you believe you will get benefit from completing it. Read about your course and download the **Course Essentials Information Flyer** on the webpage for your course on www.globaltraining.edu.au.

Studying with Global Training Institute: To become familiar with all the policies and information regarding how studying occurs, your rights and obligations e.g. communication between us, issuing your qualification, withdrawals, refunds, complaints etc., read this Student Handbook and become familiar with the student forms. The up-to-date versions will always be available to you in the website footer and in your Online Student Area.

Funding & Loan Programs: If you are looking to pay your student fees via a Funding Scheme e.g. NSW Smart & Skilled, CSQ or VET Student Loans, ensure that you have read and understand the requirements of that program. Details are available on the website or give us a call.

If you have any questions about your course, studying with GTI or funding or loan programs, please call us on +61754573334 or email us.

2. **Complete the Enrolment Application form – available from the course page on the website**
3. **Course Offer:** We will confirm your eligibility for study in the course and any credits you have.
4. **Optional: Apply for any VET Student Loan or other Funding Program, that may apply to your chosen course.** We will check availability of funding and your eligibility for the program. If you are applying for a VET Student Loan, you will be sent your VET Student Loans application form (eCaf form) after 2 working days of us receiving your enrolment form.
5. **Accept and Enrol:** To accept your study place and officially enrol in your course, arrange your student fee payment. Payment options for your course are listed on your Course Essentials Flyer. Start Dates: You can enrol into your preferred course throughout the year. New Students start each week between mid-January to mid-December.

The steps of how to enrol into each course is listed on the website.

To enrol in your course you will need to provide a copy of your Unique Student Identifier Number. If you do not have one, please visit www.usi.gov.au

You will also need to provide a copy of other documents, citizenship documents, address details etc. These are determined by the government requirements and will be listed before your enrolment form.

Entry Requirements and Academic Suitability: Each qualification course has entry requirements. These are listed on the webpage for that course and on the Course Essentials information flyer. Students will not be enrolled into a course if they do not meet the course entry requirements. Global Training Institute reserves the right to reject or not approve an application if we believe that the student does not meet the entry requirement or will not succeed in the course.

Academic Suitability: As an approved VET student loans provider we are required to provide evidence of academic suitability for our Diploma and Advanced Diploma courses. The entry requirements for your course may include you having to provide a year 12 certificate or complete a Government approved Australian core skills framework numeracy and literacy test. This helps us to determine your academic suitability for this course. You must display competence at or above Exit level 3 in the Australian Core Skills Framework in both numeracy and literacy. Results from any numeracy or literacy test will be reported to you as soon as practical after the assessment.

Course Entry Refusal: Global Training Institute reserves the right to decline a student's enrolment into a course if they do not believe that a student meets the entry requirement for that particular course, or that they believe that the student will not be able to successfully complete the course.

You will have between have 3 - 18 months to complete your qualification, depending on which Qualification you are completing – refer to Course Essentials flyer for each course.

Each course is self-paced, and you can complete it as quickly as you wish. There is no minimum completion timeframe. Many students complete their course much quicker than the listed course duration. Depending upon your previous experience and how much time you can allocate to completing your qualification, will determine when you finish. All the resources and assessments are available to you 24/7, so you can get in and complete as fast as you want. All fees must be paid before any qualification will be awarded.

Course Duration

Certificate IV Courses and Diploma Courses are usually 12 months: 44 academic weeks (over 3 trimesters) includes 8 weeks access to your units at the end to ensure you have completed all units.

Advanced Diploma Courses are usually 18 months: 66 academic weeks (over 3 trimesters) includes 12 weeks' access to your units at the end to ensure you have completed all units.

Study time recommended

We recommend that you set a target of completing one unit per month. Students, who have not completed their course by the nominated completion date, may apply for an extension. Request for Enrolment Extension Form: available in the website footer under Forms for Current Students.

Ph: 1800 998 500
www.globaltraining.edu.au
RTO: 31192

You will have access to unlimited sessions with your Trainer or Tutor to help you, with a minimum of 1 per month expected. If you would like to complete your qualification quickly, then you can book more than 1 session per month. Here at Global Training Institute we have no minimum completion time so you can complete as quickly as you like.

At these training sessions you will be able to clarify with your Trainer or Tutor what is expected in the assessments for that subject; discuss any case studies or projects that you want to complete; ask any questions about the topic... This makes completing your assessments so much easier!

For some of the subjects, if you have lots of experience, then you may even be able to get your Trainer to interview you through some questions, they can record this and then you will only need to add your workplace documents to complete that subject. Our students find this super easy, especially if they don't like typing or work best with a set time to complete their work.

Remember, your quickest and simplest path to successfully completing your qualification will be to stay in close communication your personal Completion Coach throughout the course.

Flexible Delivery

Flexible delivery means providing training when it best suits you. So that you can continue to work or cater for family needs, your course materials and assessments are available online to you – 24/7. Online learning gives you the control and flexibility to study at your own pace and enjoy life.

You will be able to contact your Support Team via phone, and email.

About your Assessments

You will be required to complete assessments for each subject or unit in your qualification. Your assessments will usually be in the form of projects, case studies, questions, observation of performance, practical demonstrations or work based assessments.

- There are no exams or essays.
- You will be advised of the time and form of an assessment.
- You will be given two opportunities for reassessment for any competencies not achieved on the first attempt.
- All assessments will be conducted in accordance with the principles of assessment and rules of evidence.
- If you have any questions regarding your assessments, please contact your support staff.

Actually doing some work – Active Participation

Sadly, the course will not complete itself. You will need to do the work required. We will be here to support you in any way that we can.

If, however, you do not participate actively in your course e.g.: not maintain at least a minimum monthly contact, not regularly work on the Online Student area, miss three set appointments in a row without communicating, not complete required VSL ongoing surveys etc., we will look to cancel your enrolment as per our Cancel Student Enrolment Policy.

Tuition Fees – Paying for your Course

Global Training Institute operates as a ‘fee for service’ private training business. This means that we are not funded by the Government nor receive any funding or subsidies from the government to help us operate. Training programs have Tuition Fees, so that we can pay your Trainer, support staff and all the associated bills and ongoing compliance. For example, we have to keep records of your training for the next 30 years.

You may find that we are not be the cheapest college around, but our students value the high quality of training, flexibility and support that we offer. Basically, you pay for what you get.

Your Tuition Fees can be paid by you, a government agency or by your employer. Fee information for each course is available on the website or directly from our administration team.
