Vet Student Loans

Global Training Institute is one of the very few Training Companies that is an approved provider for VET Student Loans (VSL).

VET Student Loans is a Loan Scheme operated by the Australian Government. As an approved provider, Global Training Institute has to adhere to many associated regulations, and you may find many references to VET Student Loans throughout this Handbook. Where the acronym VSL is used, it will refer to VET Student Loans.

VET Student Loans is a loan from the Australian Government that helps eligible participants to delay their payments for eligible Diploma and Advanced Diploma qualifications. This allows students to STUDY NOW and PAY LATER.

For students who access a VET Student Loan, Global Training Institute receives money towards their course directly from the Government, and the student then repays their loan through the Australian taxation system once their personal income reaches a threshold determined by the Government.

You are eligible for a VET Student Loan if you:

- are an Australian citizen or hold a permanent humanitarian visa
- are enrolled in an eligible Diploma or Advanced Diploma on, or before the census date
- have not exceeded your HELP debt limit
- have an Australian Tax File Number (TFN) or Certificate of Application for a TFN.

More information about Vet Student Loans visit <http://www.studyassist.gov.au>

Our VET Student Loans policies are available on the website in the footer and briefly outlined at the end of this handbook.

Studying with Global Training Institute...

Pre-Enrolment – before you apply to enrol

Before you apply to enrol into a qualification course with us here at Global Training Institute, we want you to be making an informed decision that the course you are choosing will benefit you and your future. Most of our students call and have a chat with us about their goals and what they are looking to achieve by studying with us. We are then able to recommend a course that will suit.

Before you enrol, ensure that you are comfortable and understand the course you are applying to enrol into, and that you believe you will get benefit from completing it. Read about your course and download the **Course Essentials Information Flyer** on the webpage for your course on <https://globaltraining.edu.au>

Studying with Global Training Institute: To become familiar with all the policies and information regarding how studying occurs, your rights and obligations e.g. communication between us, issuing your qualification, withdrawals, refunds, complaints etc., read this Student Handbook and become familiar with the student forms. The up-to-date versions will always be available to you in the website footer.

Funding & Loan Programs: If you are looking to pay your student fees via a Funding Scheme e.g. NSW Smart & Skilled, South Australia Funding, or VET Student Loans, ensure that you have read and understand the requirements of that program. Details are available on the website or give us a call.

If you have any questions about your course, studying with GTI or funding or loan programs, please call us on +61754573334 or email us.

2. **Complete the Enrolment Application form:** a personalised link sent to you by your Course Advisor.
3. **Course Offer:** We will confirm your eligibility for study in the course and any credits you may have.
4. **Optional: Apply for any VET Student Loan or other Funding Program, that may apply to your chosen course.** We will check availability of funding and your eligibility for the program. If you are applying for a VET Student Loan, you will be sent your VET Student Loans application form (eCAF) to sign after 2 working days of us receiving your enrolment form.
5. **Accept and Enrol:** To accept your study place and officially enrol in your course, arrange your student fee payment. Payment options for your course are listed on your Course Essentials Flyer. Fees can be paid by you individually or by your Employer. If paying via VET Student Loans, you will not be able to commence your course until we receive notification from you that you have completed your eCAF VET Student Loans application with the Government.
6. **Enrolment Confirmation and Get Started:** We will then officially enrol you in your course, send you your Confirmation of Enrolment letter, allow you access into your Online Student Area (where you will find your Training and Assessment materials) and get you started on your course with your Trainer.

If you have any questions about the enrolment process, please give us a call so that we can help you with your enrollment – **1800 998 500**

Start Dates: You can enrol into your preferred course throughout the year. New Students start each week between mid-January to mid-December.

The steps of how to enrol into each course is listed on the website.

To enrol into your course, you will need to provide a copy of your Unique Student Identifier Number. If you do not have one, please visit www.usi.gov.au

You will also need to provide a copy of other documents, citizenship documents, address details etc. These are determined by the government requirements and will be listed on your enrolment form.

Entry Requirements and Academic Suitability: Each qualification has entry requirements. These are listed on the webpage for that course and on the Course Essentials information flyer. Students may not be enrolled into a course if they do not meet the course entry requirements.

Academic Suitability: As an approved VET Student Loans Provider, we are required to provide evidence of academic suitability for our Diploma and Advanced Diploma courses. The entry requirements for your course may include you having to provide a Year 12 certificate or complete a Government approved Australian Core Skills Framework numeracy and literacy test. This helps us to determine your academic suitability for this course. You must display competence at or above Exit level 3 in the Australian Core Skills Framework in both numeracy and literacy. Results from any numeracy or literacy test will be reported to you as soon as practical after the assessment.

Course Entry Refusal: Global Training Institute reserves the right to decline a student's enrolment into a course if they do not believe that a student meets the entry requirement for that particular course, or that they believe that the student will not be able to successfully complete the course.

Studying and During your Course

You will have between have 3 - 18 months to complete your qualification, depending on which Qualification you are completing – refer to Course Essentials flyer for each course.

Each course is self-paced, and you can complete it as quickly as you wish. There is no minimum completion timeframe. Many students complete their course much quicker than the listed course duration. Depending upon your previous experience and how much time you can allocate to completing your qualification, will determine when you finish. All the resources and assessments are available to you 24/7, so you can get in and complete as fast as you want. All fees must be paid before any qualification will be awarded.

Course Duration

Certificate IV and Diploma Courses are usually 12 months: 48 academic weeks (over 3 trimesters) includes 4 weeks access to your units at the end to ensure you have completed all units.

Advanced Diploma Courses are usually 18 months: 66 academic weeks (over 3 trimesters) includes 12 weeks access to your units at the end to ensure you have completed all units.

Study time recommended

To complete your course within the listed timeframe, it is recommended that you allocate four (4) to eight (8) hours per week for study and assignments. We recommend that you set a target of completing one unit per month. Students who have not completed their course by the nominated completion date may apply for an extension. Request for Enrolment Extension Form is available in your Online Student Area.

Training and Assessment in your Course

How Your Training Will Work

An integral part of learning with Global Training Institute is our training and support system. As a student you will have your own Support Team including a Trainer and access to our Customer Service Team.

At the commencement of your course your Trainer will develop a training program with you. They will work out with you which subjects to study, timeframes, methods of delivery, how assessments will occur, how and when you can be supported and trained etc.

Course Delivery/Training Options:

Flexi Training – You choose your training method to suit you and your work schedule.

- **Online + Phone or Zoom sessions** – Includes Training and Assessing sessions, via phone or video call.

Your Quickest and Simplest Path to Completion

1 Participate Regularly in Training

Choose a day/time to consistently study. Phone, Face to Face, Day, Evening Sessions

2 Complete Your Assessments

For each unit in your trimester

3 Reward Yourself

As you complete each unit, e.g go out for a cup of coffee

4 Enrol Early in Your Next Trimester

Complete the form in your Student Area to gain access to your trimester

5 Stay in Contact

With your Trainer, Completion Coach and GTI

6 Finish all Units

Congratulations! 

You will have access to unlimited sessions with your Trainer to help you, with a minimum of 1 per month expected. If you would like to complete your qualification quickly, then you can book more than 1 session per month. Here at Global Training Institute, we have no minimum completion time so you can complete as quickly as you like.

At these training sessions you will be able to clarify with your Trainer what is expected in the assessments for that subject; discuss any case studies or projects that you want to complete; ask any questions about the topic... This makes completing your assessments so much easier! One of the great benefits that our students appreciate is that these sessions can be scheduled to suit you around your current work or other commitments. We can usually arrange day or night sessions.

For some of the subjects, if you have lots of experience, then you may even be able to have your Trainer interview you through some questions. They can record this and then you will only need to add your workplace documents to complete that subject. Our students find this super easy, especially if they don't like typing or work best with a set time to complete their work.

Remember, your quickest and simplest path to successfully completing your qualification will be to stay in close communication your Trainer throughout the course.

Flexible Delivery

Flexible delivery means providing training when it best suits you. So that you can continue to work or cater for family needs, your course materials and assessments are available online to you – 24/7. Online learning gives you the control and flexibility to study at your own pace and enjoy life.

You will be able to contact your Support Team via phone, email and help request in your Online Student Area.

If you have a disability, medical condition or believe that you will need additional support or adjustments made to your training, please contact the Training Manager on 1800 998 500 so that we can discuss your situation and see what adjustments may be able to be made.

About your Assessments

You will be required to complete assessments for each subject or unit in your qualification. Your assessments will usually be in the form of projects, case studies, questions, observation of performance, practical demonstrations or work based assessments.

- There are no exams or essays.
- You will be advised of the time and form of an assessment.
- You will be given two opportunities for reassessment for any competencies not achieved on the first attempt.
- All assessments will be conducted in accordance with the principles of assessment and rules of evidence.
- If you have any questions regarding your assessments, please contact your support staff.

Actually doing some work – Active Participation

Sadly, the course will not complete itself. You will need to do the work required.

We will be here to support you in any way that we can.

If, however, you do not participate actively in your course e.g.: not maintain at least a minimum monthly submission, not regularly work on the Online Student Area, miss three set appointments in a row without communicating, not complete required VSL ongoing surveys etc., we may look to cancel your enrolment as per our Cancel Student Enrolment Policy.

Funded or Subsidised Qualifications...

If you enrol into a program that is funded or subsidised by a Government Department or Industry body eg. NSW Government or Construction Skills QLD, your enrolment and studying is subject to the conditions of that program as well as this Handbook. Conditions of the funding and program is listed on the website and in the enrolment form declaration.

Many of these programs will have a set completion date. Failure to complete the qualification within the set timeframe will require you to pay additional fees to complete your qualification. We can provide you with a quote for this.

Tuition Fees – Paying for your Course

Global Training Institute operates as a ‘fee for service’ private training business. This means that we are not funded by the Government nor receive any funding or subsidies from the government to help us operate. Training programs have Tuition Fees, so that we can pay your Trainer, support staff and all the associated bills and ongoing compliance. For example, we have to keep records of your training for the next 30 years.

You may find that we are not the cheapest college around, but our students value the high quality of training, flexibility and support that we offer. Basically, you pay for what you get.

Your Tuition Fees can be paid by you, a government agency or by your employer. Fee information for each course is available on the website or directly from our administration team.

 - Your payment must be in Australian dollars (AUD)

NB. Arrangement for fee payment must be made prior to the commencement of training. The commencement of a course is the date listed on your Confirmation of Enrolment Letter. This is also when you will have access to your course material in the Online Student Area. Qualifications, including Statements of Attainment will not be issued to Students until all fees are paid.

Payment plan statements

You will receive an invoice when your credit card is processed. Payment plan statements will be issued on request for all payments received and balance owing, via email to your nominated email address.

Payment Plan Agreement:

I agree to honor the payment plan and understand that all installments must be paid on or before the due date; Global Training Institute reserves the right to suspend access to my online Student Area and course in the event that I fail to pay any part of the Course Fees. In the event that I request or fail to advise my course cancellation, the balance of my course fees will be paid in full or continue to be paid under my payment plan schedule; and Global Training Institute will not issue a Certificate or Statement of Attainment/s until course fees are paid in full. Should I default on the repayment schedule: An opportunity will be provided for an adjustment to be made to the payment arrangements. My enrolment will be suspended and my whole outstanding account will become immediately due and payable if outstanding amounts have not been renegotiated. If the outstanding debt is forwarded to a debt collection agency, I may also be required to pay additional fees associated with the debt collection process.

Further Studies with GTI

When you complete this course, you will be able enrol into:

- Other courses at the same level. We use the units that you have completed, where we can, as credits into your new qualification. This reduces the number of units you will need to complete to gain your next qualification. In some cases, you may only need to complete an extra 3 or 4 units to gain an additional qualification.
- Next level of qualifications and gain the credits with us here at GTI. This means that you will have less units to complete if we can use any of the units that you have already completed in your new course. You may be able to gain as many as 4 credits off your next level course.
