

How to develop Your Career & Skills in Project Management

There is a great career to be had in Project Management, that can grow with your qualifications and experience.

Step 1

- **Secure your employment**
Identify your level of experience in the table below, and gain your qualification to match. (Your prior experience will be recognised)

Step 2

- **Progress Your Career**
Look for promotions & career progression by expanding your qualification level.

Position	General Roles	Qualification Recommended
Project Team Member	Implement project management plans and assist in achieving a project's objectives Experienced Project Team Members, lacking formal qualifications	Cert IV in Project Management Practice
Project Administrator & Project Coordinators	Report the outcomes of a project to a higher authority in your organisation	Cert IV in Project Management Practice
Project Manager	Project manager: The individual accountable for all aspects of a project. Managing a single complex project	Dip of Project Management
Project Manager	Manage sub-projects of major construction projects, and plan and establish and manage minor construction projects. Systems based.	Dip of Project Management

Cert IV = Certificate IV; Dip = Diploma; AD Dip = Advanced diploma

Project Management Qualifications: Cert IV = Member of Project Team; Diploma = Running single complex project;

Colin Gurullawela

"All aspects of the training program were well done. I would recommend it due to its practicality. The units in the course were made very useful in my work as a Project Manager."
