What Our Students say

"I completed my G3+ G7 units – RIIRIS601 + RIOWHS601 in 1 week by completing my assessments and submitting them. I found the support processes excellent. They were quick to respond to questions, efficient and the assessments for these units were streamlined no fattening out the course to fill in time." **Paul Green**

"I found the G3 and G7 easy to follow with good examples. The aspect that really benefited me was applying knowledge to create my own procedures relevant to the company. I would recommend this to others who require online training, especially people aiming to be SDE or a safety manager." - **Dane Nielson**
